

- Site plans will not be sent out to the bidders. All specifications for the playgrounds are posted in the RFP under "Desired Services" in page 9 of the RFP packet.
 - The addresses for each location are listed in page 21 of the RFP packet.
 - 1. IDEA Hope
 - 2. IDEA Victory
 - 3. IDEA Plank Rd
 - Yes, all playgrounds are to be for ages 5-12. This information is shared in the RFP packet.
 - All specifications for equipment can be found in the RFP document in the RFP packet.
 - The budget for each location is \$130,000 which should cover playground equipment installation. This information is shared under Desired Services in page 9 of the RFP packet.
 - In addition, see awarded vendor responsibilities below in question 10.
 - IDEA Public Schools reserves the right to disclose bidder information.
-
- The awarded bidder will be responsible for:
 - Providing the stone
 - Compacting the stone to 3.5" thick
 - Installing 2" of floor padding
 - Providing .5" of playground grass
 - Installing all playground equipment
 - The General Contractor at the sites will be responsible for:
 - Excavating the area (50x60)
 - Installing drainage system either by connecting to the storm drainage system or providing weep holes on the concrete curb.
 - Compacting subgrade 6" deep
 - Form and pour the 6" wide x 12" deep concrete curb around the play area (contractor will make sure that from the top of the concrete curb we have a clearance of 6" to the top of the compacted subgrade.
 - Compacted stone is preferred

- Sun shelters/shades are a welcomed addition to your proposal, however they are not a requirement.
- Additions such as benches and signage are not part of the RFP.
- There are no non negotiables on playground equipment. The playground should accommodate the widest possible range of activities that will provide fun, promote physical fitness, and encourage social interaction.
- There is no preference on post measurements.
- If shade is offered, it should be integrated to the playground.
